

REPAIR PARTS

**BULLETIN 1481 ACCESSORY KITS
USED ON SERIES K CONTACTORS AND STARTERS**

PART AVAILABILITY:

- 1) The complete 1481 kits are not available; only the operator assembly and contact block are available.
- 2) The kits contained mounting brackets and hardware for mounting the operator assembly and contact blocks.
- 3) The mounting brackets and hardware are not available, superseded by none. Customers retaining the original mounting brackets and hardware will be able to replace the operator assembly and contact block.
