

GuardPLC 2000 I/O Chassis

Catalog Number 1755-A6

ATTENTION

The two screws used to retain each module in the 1755-A6 chassis are **self-tapping** screws (type M2, size 5x5).

We recommend a #1 size PoziDrive type screwdriver (manufactured by Wiha) or equivalent. A standard Phillips screwdriver is not effective and not recommended for this type of installation.
