Catalog Number 1762

Purpose of this Document

This Document Update revises the following publication. Keep this Document Update for reference.

Publication Name	Publication Number
MicroLogix 1200 Programmable Controllers User Manual	1762-UM001D-EN-P
MicroLogix 1200 and MicroLogix 1500 programmable Controllers Instruction Set Reference Manual	1762-RM001E-EN-P

Updated Information

The manuals listed above do not show the latest operating system (OS) information for the MicroLogix 1200 and MicroLogix 1200R controllers.

The manuals show that these controllers have the following operating system:

- OS Series C, Revision E, Firmware Release 8

The correct information is that they are currently shipping as:

- OS Series C, Revision F, Firmware Release 9

The functionality of the MicroLogix 1200R controllers (catalog numbers 1762-L24AWAR, 1762-L24BWAR, 1762-L24BXBR, 1762-L40AWAR, 1762-L40BWAR, and 1762-L40BXBR) is the same as the standard MicroLogix 1200 controllers (catalog numbers 1762-L24AWA, 1762-L24BWA, 1762-L24BXB, 1762-L40AWA, 1762-L40BWA, and 1762-L40BXB) at OS Series C, Revision E, Firmware Release 8.

The actual firmware for both controllers was consolidated into a single release for manufacturing purposes, and the new OS Series C, Revision F, Firmware Release 9 classification was used to designate this.
